If for some reason you are unable to obtain a response to any of the emergency numbers, please do not let the situation worsen. Call in a contractor and notify the Customer Service Department as soon as normal business hours resume. Please obtain a detailed description of the nature of the problem and the solution implemented. If a contractor replaces a part, please ask to keep the part so that we may examine it. If the emergency was caused by a warrantable defect, you will be reimbursed.
